2013 MEMBERSHIP

The **Salt Marsh Nature Center**, located at 3302 Ave. U in Marine Park, Brooklyn, opened on Earth Day in April 2000 and is the crown jewel of the NYC Urban Park Ranger nature centers. The Rangers maintain the building, grounds and nature trails, offer the Natural Classroom for school groups and provide free community programs for all ages. The salt marsh is a diverse eco-system which protects our environment and is home to a vast species of plants and animals.

The **SALT MARSH ALLIANCE (SMA)**, a registered not-for profit organization was formed by community residents to help make the center a vital, beautiful and safe part of our neighborhood. The SMA supports Ranger programs and events with equipment, supplies, refreshments and volunteers. **The SALT MARSH ALLIANCE needs your help to continue our work.** This is your opportunity to do something truly great and beneficial for yourself and our community. Thanks for your support! All members receive the monthly calendar. Please indicate mail or e-mail.

Donations of \$50. and over will receive a Nature Center Canvas Tote.

Personal info for SMA use only!

SMA () New () Renewal (expires 12-31-13) please print clearly
