2022 NEW MEMBERSHIP

The **Salt Marsh Nature Center**, located at 3302 Ave. U in Marine Park, Brooklyn, opened on Earth Day in April 2000 and is the crown jewel of the NYC Urban Park Ranger nature centers. The surrounding salt marsh is a diverse eco-system which protects our environment and is home to a vast species of plants and animals.

The **SALT MARSH ALLIANCE, INC. (SMA)**, a registered not-for profit organization was formed by community residents to help make the center and its surroundings a vital and beautiful part of our neighborhood. The SMA supports Ranger programs and events with equipment, supplies, refreshments and volunteers, as well as providing stewardship for the natural environment in Marine Park. **The SALT MARSH ALLIANCE needs your help to continue our work.** This is your opportunity to do something great and beneficial for yourself and our community. Thanks for your support!
